

July 2, 2021

To Whom It May Concern,

This is to certify that Hadi Hamedian was employed as a Web Developer with Jumbula from May 14, 2016 to May 10, 2021.

Hadi started his employment as an Android developer from May 14, 2016 to June 15, 2016. He then learned iOS and worked on the company's iOS app from June 17, 2016 to July 18, 2016. Hadi showed excellent performance and consequently the company offered him full-time employment. He quickly learned the core ASP.NET system and started to work on the reporting system.

We are very satisfied with Hadi's job performance and work ethics. His contributions to the organization and its success will always be appreciated. We at Jumbula wish him all the best in his future endeavors.

Please don't hesitate to contact me If you require any additional information.
